The Journal of Genetic Psychology, 154(4), 544–548

Index to Volume 154

This annual index is organized by first author and by title. Page numbers refer to the following issues:

Number 1 (March): 1–132
Number 2 (June): 133–284
Number 3 (September): 285–420
Number 4 (December): 421–548

AUTHOR INDEX

Allen, N. B., & Bradley, B. S. *The place of emotion in stories told by children: An exploratory study.* 397–406.

Allen, S., & Wuensch, K. L. *Effects of an academic failure experience on subsequent performance on anagram and paired-associate tasks: Differences among second-, fifth-, and eighth-grade children.* 53–60.

Bennett, M., & Hiscock, J. *Children's understanding of conflicting emotions: A training study.* 515–524.

Blanton, P. W., Smith, D. J., Davidson, P. M., & Poppen, W. A. *Peer acceptance in middle childhood among rural and urban boys and girls.* 237–248.

Boyatzis, C. J., Chazan, E., & Ting, C. Z. *Preschool children's decoding of facial emotions.* 375–382.

Brannigan, G. G., Schaller, J. A., & McGarva, A. *Approval motivation and sexual daydreaming.* 383–387.

Buriel, R. *Acculturation, respect for cultural differences, and biculturalism among three generations of Mexican American and Euro American school children.* 531–543.

Bush, A. J., Krebs, D. L., & Carpendale, J. I. *The structural consistency of moral judgments about AIDS.* 167–175.

Comerford, B., & Witryol, S. L. *Information metrics for novelty level preference of first- and fifth-grade children.* 155–165.

Daugherty, T. K., Quay, H. C., & Ramos, L. *Response perseveration, inhibitory control, and central dopaminergic activity in childhood behavior disorders.* 177–188.

de Man, A. F., Labrèche-Gauthier, L., & Leduc, C. P. *Parent-child relationships and suicidal ideation in French-Canadian adolescents.* 17–23.

Demerval, R., & Mullet, E. *Understanding the combination of memory variables: A re-examination.* 389–396.

Desprels-Fraysse, A., & Pélissier, A. *Referential set presentation effects on complementation by 6-year-olds.* 339–346.

Diamond, K., Le Furgy, W., & Blass, S. *Attitudes of preschool children toward their peers with disabilities: A year-long investigation in integrated classrooms.* 215–221.

Dua, J., & Price, I. *Effectiveness of training in negative thought reduction and positive thought increment in reducing thought-produced distress.* 97–109.

Dudek, S. Z., Strobel, M. G., & Runco, M. A. *Cumulative and proximal influences on the social environment and children's creative potential.* 487–499.

Dudek, S. Z., Strobel, M. G., & Runco, M. A. *Cumulative and proximal influences on the social environment and children's creative potential.* 487–499.

Flannery, K. A., & Watson, M. W. *Are individual differences in fantasy play related to peer acceptance levels?* 407–416.

Goodrich, G. A., Damin, P. B., Ascione, F. R., & Thompson, T. M. *Gender differences in Piagetian visual-spatial representation of verticality and horizontality.* 449–458.

Granleese, J., & Joseph, S. *Self-perception profile of adolescent girls at a single-sex and a mixed-sex school.* 525–530.

Gullone, E., & King, N. J. *The fears of youth in the 1990s: Contemporary normative data.* 137–153.

Hopkins, H. R., & Klein, H. A. *Multidimensional self-perception: Linkages to parental nurturance.* 465–473.

Hortaçsu, N., Cesur, S., & Oral, A. *Relationships between depression and attachment styles in parent- and institution-reared Turkish children.* 329–337.

Hortaçsu, N., & Üner, H. *Family background, sociometric peer nominations, and perceived control as predictors of academic achievement.* 425–431.

House, J. D. *Achievement-related expectancies, academic self-concept, and mathematics performance of academically underprepared adolescent students.* 61–71.

Hyssälä, L., Hyttinen, M., Rautava, P., & Sillanpää, M. *The Finnish family competence study: The transition to fatherhood.* 199–208.

Jeney-Gammon, P., Daugherty, T. K., Finch, Jr., A. J., Belter, B. & Foster, K. Y. *Children's coping styles and report of depressive symptoms following a natural disaster.* 259–267.

Johnson, D. L., Swank, P., Howie, V. M., Baldwin, C. D., Owen, M., & Luttman, D. *Does HOME add to the prediction of child intelligence over and above SES?* 33–40.

Joseph, S., & McCollam, P. *A bipolar happiness and depression scale.* 127–129.

Jurden, F. H., Laipple, J. S., & Jones, K. T. *Age differences in memory-span errors: Speed or inhibitory mechanisms?* 249–257.

Kobasigawa, A., & Metcalf-Haggert, A. *Spontaneous allocation of study time by first- and third-grade children in a simple memory task.* 223–235.

Langford, P. *Evaluation of conditional and biconditional hypotheses in information-use tasks during adolescence.* 111–126.

Lucas, M. D., Turnbull, O. H., & Kaplan-Solms, K. L. *Laterality of cradling in relation to perception and expression of facial affect.* 347–352.

Lynn, R., & Dai, X.-Y. *Sex differences of the Chinese standardization sample of the WAIS-R.* 459–463.

Lynn, R., & Ja-Song, M. *Sex differences in reaction times, decision times, and movement times in British and Korean children.* 209–213.

Ma, H. K. *The relation of altruistic orientation to human relationships and situational factors in Chinese children.* 85–96.

Mackey, W. C. *Marital dissolution by sex of the petitioner: A test of the man-child affiliative bond.* 353–362.

Marmurek, H. H. C., & Rossi, M. *The development of strategic processing of ambiguous words: Riddles versus neutral context.* 475–486.

Musun-Miller, L. *Sibling status effects: Parents' perceptions of their own children.* 189–198.

Pásaro Méndez, E. J., Fernández, R. M., Goyanes, V., & Méndez, J. *Turner's syndrome: A behavioral and cytogenetic study.* 433–447.

Räikkönen, K. *Predictive associations between type A behavior of parents and their children: A 6-year follow-up.* 315–328.

Ricard, M., & Allard, L. *The reaction of 9- to 10-month-old infants to an unfamiliar animal.* 5–16.

Rigby, K. *School children's perceptions of their families and parents as a function of peer relations.* 501–513.

Rosenberg, B. G., & Hyde, J. S. *The only child: Is there only one kind of on-*

ly? 269–282.
Saarnio, D. A. *Understanding aspects of pictures: The development of scene schemata in young children.* 41–51.
Shorr, D. N. *Children's perceptions of others' kindness in helping: The endocentric motivations of pride and guilt.* 363–374.
Singh, T., & Dwivedi, C. B. *Deprivation, context, and processing of textual materials.* 73–83.
Thurber, S., & Osborn, R. A. *Comparisons of parent and adolescent perspectives on deviance.* 25–32.
Utley, C. A., Hoehn, T. P., Soraci, Jr., S. A., & Baumeister, A. A. *Motivational orientation and span of apprehension in children with mental retardation.* 289–295.
Vikan, A., & Clausen, S. E. *Freud, Piaget, or neither? Beliefs in controlling others by wishful thinking and magical behavior in young children.* 297–314.

TITLE INDEX

Acculturation, respect for cultural differences, and biculturalism among three generations of Mexican American and Euro American school children. *Raymond Buriel.* 531–543.
Achievement-related expectancies, academic self-concept, and mathematics performance of academically underprepared adolescent students. *J. Daniel House.* 61–71.
Age differences in memory-span errors: Speed or inhibitory mechanisms? *Frank H. Jurden, Joseph S. Laipple, & Keith T. Jones.* 249–257.
Approval motivation and sexual daydreaming. *Gary G. Brannigan, Juli A. Schaller, & Andrew McGarva.* 383–387.
Are individual differences in fantasy play related to peer acceptance levels? *Kathleen A. Flannery & Malcolm W. Watson.* 407–416.
Attitudes of preschool children toward their peers with disabilities: A yearlong investigation in integrated classrooms. *Karen Diamond, William Le Furgy, & Susannah Blass.* 215–221.
A bipolar happiness and depression scale. *Stephen Joseph & Paddy McCollam.* 127–129.
Children's coping styles and report of depressive symptoms following a natural disaster. *Patricia Jeney-Gammon, Timothy K. Daugherty, A. J. Finch, Jr., Ronald Belter, & Kim Y. Foster.* 259–267.
Children's perceptions of others' kindness in helping: The endocentric motivations of pride and guilt. *David N. Shorr.* 363–374.
Children's understanding of conflicting emotions: A training study. *Mark Bennett & Janet Hiscock.* 515–524.
Comparisons of parent and adolescent perspectives on deviance. *Steven Thurber & Raynell A. Osborn.* 25–32.
Cumulative and proximal influences on the social environment and children's creative potential. *Stephanie Z. Dudek, M. G. Strobel, & Mark A. Runco.* 487–499.
Deprivation, context, and processing of textual materials. *Tara Singh & C. B. Dwivedi.* 73–83.
The development of strategic processing of ambiguous words: Riddles versus neutral context. *Harvey H. C. Marmurek & Mary Rossi.* 475–486.
Does HOME add to the prediction of child intelligence over and above SES? *Dale L. Johnson, Paul Swank, Virgil M. Howie, Constance D. Baldwin, Mary Owen, & David Luttman.* 33–40.
Effectiveness of training in negative thought reduction and positive thought increment in reducing thought-pro-

duced distress. *Jagdish Dua & Ian Price.* 97–109.

Effects of an academic failure experience on subsequent performance on anagram and paired-associate tasks: Differences among second-, fifth, and eighth-grade children. *Scott Allen & Karl L. Wuensch.* 53–60.

Evaluation of conditional and biconditional hypotheses in information-use tasks during adolescence. *Peter E. Langford.* 111–126.

Family background, sociometric peer nominations, and perceived control as predictors of academic achievement. *Nuran Hortaçsu & Hande Üner.* 425–431.

The fears of youth in the 1990s: Contemporary normative data. *Eleanora Gullone & Neville J. King.* 137–153.

The Finnish family competence study: The transition to fatherhood. *Liisa Hyssälä, Markku Hyttinen, Paivi Rautava, & Matti Sillanpää.* 199–208.

Freud, Piaget, or neither? Beliefs in controlling others by wishful thinking and magical behavior in young children. *Arne Vikan & Sten Eric Clausen.* 297–314.

Gender differences in Piagetian visual-spatial representation of verticality and horizontality. *Gary A. Goodrich, Paul B. Damin, Frank R. Ascione, & Teresa M. Thompson.* 449–458.

Information metrics for novelty level preference of first- and fifth-grade children. *Brian Comerford & Sam L. Witryol.* 155–165.

Laterality of cradling in relation to perception and expression of facial affect. *Marilyn D. Lucas, Oliver H. Turnbull, & Karen L. Kaplan-Solms.* 347–352.

Marital dissolution by sex of the petitioner: A test of the man-child affiliative bond. *Wade C. Mackey.* 353–362.

Motivational orientation and span of apprehension in children with mental retardation. *Cheryl A. Utley, Theodore P. Hoehn, Sal A. Soraci, Jr., & Alfred A. Baumeister.* 289–295.

Multidimensional self-perception: Linkages to parental nurturance. *Holly R. Hopkins & Helen Altman Klein.* 465–473.

The only child: Is there only one kind of only? *B. G. Rosenberg & Janet Shibley Hyde.* 269–282.

Parent-child relationships and suicidal ideation in French-Canadian adolescents. *A. F. de Man, L. Labrèche-Gauthier, & C. P. Leduc.* 17–23.

Peer acceptance in middle childhood among rural and urban boys and girls. *Priscilla White Blanton, Debbie J. Smith, Phyllis M. Davidson, & William A. Poppen.* 237–248.

The place of emotion in stories told by children: An exploratory study. *Nicholas B. Allen & Benjamin S. Bradley.* 397–406.

Predictive associations between type A behavior of parents and their children: A 6-year follow-up. *Katri Räikkönen.* 315–328.

Preschool children's decoding of facial emotions. *Chris J. Boyatzis, Elizabeth Chazan, & Carol Z. Ting.* 375–382.

The reaction of 9- to 10-month-old infants to an unfamiliar animal. *Marcelle Ricard & Louise Allard.* 5–16.

Referential set presentation effects on complementation by 6-year-olds. *Annie Desprels-Fraysse & Aline Pélissier.* 339–346.

The relation of altruistic orientation to human relationships and situational factors in Chinese children. *Hing Keung Ma.* 85–96.

Relationships between depression and attachment styles in parent-and institution-reared Turkish children. *Nuran Hortaçsu, Sibel Cesur, & Atiye Oral.* 329–337.

Response perseveration, inhibitory control, and central dopaminergic activity in childhood behavior disorders. *Timothy K. Daugherty, Herbert C. Quay, & Lourdes Ramos.* 177–188.

School children's perceptions of their families and parents as a function of peer relations. *Ken Rigby.* 501–513.

Self-perception profile of adolescent girls at a single-sex and a mixed-sex school. *Jacqueline Granleese & Stephen Joseph.* 525–530.

Sex differences in reaction times, decision times, and movement times in British and Korean children. *Richard Lynn & Myung Ja-Song.* 209–213.

Sex differences of the Chinese standardization sample of the WAIS-R. *Richard Lynn & Xiao-Yang Dai.* 459–463.

Sibling status effects: Parents' perceptions of their own children. *Linda Musun-Miller.* 189–198.

Spontaneous allocation of study time by first- and third-grade children in a simple memory task. *Akira Kobasigawa & Alisa Metcalf-Haggert.* 223–235.

The structural consistency of moral judgments about AIDS. *Alice J. Bush, Dennis L. Krebs, & Jeremy I. Carpendale.* 167–175.

Turner's syndrome: A behavioral and cytogenetic study. *E. J. Pásaro Méndez, R. M. Fernández, V. Goyanes, & J. Méndez.* 433–447.

Understanding aspects of pictures: The development of scene schemata in young children. *David A. Saarnio.* 41–51.

Understanding the combination of memory variables: A re-examination. *René Demerval & Etienne Mullet.* 389–396.
